RE: Paper Claim Completion Changes Effective 01/01/2012  
Claim Field Quick Reference

**Please Share This Information With Administrative, Clinical, Billing/IT Staff and Trading Partners.**

January 1, 2012 is the implementation date for 5010 and NPI changes to the Medicaid Management Information System (MMIS), the automated system that supports claims payment. Please review the information below in order to ensure that your paper claims process successfully after 1/1/2012.

With the implementation of NPI, the provider identifiers are changing, except for atypical providers who are not eligible for NPIs.

## **Atypical Providers**

Atypical providers are not eligible for National Provider Identifiers (NPI). They are defined by Nebraska Medicaid as: MHCP (Medically Handicapped Children's Program) clinics, MIPS (Medicaid in Public Schools), Personal Care Aides, Mental Health Personal Care Aides/Community Treatment Aides, Mental Health Home Health Care Aides, Non-Emergency Transportation providers, and Community Support Workers.

Atypical providers will continue to use the following on claims:

- Billing Provider: 11-digit Nebraska Medicaid provider number as assigned by Nebraska Medicaid (example: 123456789-12).
- Referring/Ordering Practitioner: license number.
- Rendering Provider: If enrolled as a group provider, enter the Social Security Number of practitioner providing the service.

## Healthcare Providers

Healthcare providers will use the following identifiers on claims effective 01/01/2012, regardless of the dates of service being billed:

- Billing Provider: 10-digit NPI, 10-digit Taxonomy Code and 9-digit Zip Code as reported to Nebraska Medicaid. This combination must be unique for each Medicaid provider and will be used to crosswalk to a Medicaid assigned ID in order to accurately process claims.
- Referring/Ordering/Attending Practitioner: If required, enter the NPI of the referring/ordering/attending practitioner. NPIs can be accessed on the CMS website at: <https://nppes.cms.hhs.gov/NPPES/NPIRegistryHome.do>
- Rendering Provider: If enrolled as a group provider, enter the NPI of the rendering provider, as reported to Nebraska Medicaid.
